(2) Information contained in the prospectus must be consistent, understandable and complete according to the prospectus standards determined by the Board. If prospectus is not approved, it shall be notified to the applicant together with reasons thereof. If the Board does not approve a prospectus, the relevant foreign investment fund units may not be sold in Turkey.

(6) Prospectus and investor information form shall be published in PDP and in the fund representative's official internet website within 10 business days following the date of receipt of the letter of permission, and are not separately registered in trade registry or announced in TTRG.
